Double glazing. Complete details.

The featured W01 package is listed at 105 x 96 inches, with a 3+1 outward-opening layout. The specifications below follow the supplied W01 order sheet.

FEATURE	W01 PACKAGE DETAIL
Model / series	W01 / 80-series folding glass door
Listed size	105 in wide x 96 in high (8 ft 9 in x 8 ft); confirm final frame and opening dimensions
Panel arrangement	3 folding panels + 1 access panel; outward opening
Frame material	6063-T6 aluminum alloy; 2 mm profile thickness as listed on the W01 sheet
Thermal break	PA66 nylon thermal break
Finish	Powder-coated matte black door and frame
Glass	Double-glazed Low-E glass with argon gas fill; 5 mm glass specified
Frame thickness	65 mm, as described on the W01 order sheet
Locking	Key-operated multipoint lock
Handle	Regular interior handle included
Bottom track	Low bottom track
Seals	Interlocking side and bottom seals
Insect screen	Black nylon folding fly screen listed with the W01 package
Services	Supply from our own inventory, delivery and installation; availability and project coverage confirmed in the quote

The package also uses folding hardware, hinges and rollers. Installation is a quoted service; it is included when listed in the written quote.

Listed dimensions are not rough-opening instructions. Final unit availability, fit, handing and included accessories are confirmed on your order. The sheet does not provide a glazing spacer width or tested performance ratings.
